Walter von Nessen, 1889-1943

Nessen.

DESIGN IS OF THE ESSENCE.

Sixty some years ago, Walter von Nessen introduced his first important lighting concept—the swing-arm lamp for table, floor and wall applications. The year was 1927. That form should follow function was then on the frontier of design. Von Nessen was among its most perceptive pioneers.

Through the years, our design parameters have not changed. We remain perfectionists whose primary market is the professional who appreciates what sets our products apart.

With us, performance is the ultimate criterion. Expressions will relate to the times and the materials we fashion. But clean lines and classically pleasing proportions are the invariables. It will test the reader to find executions more straight forward than the signature concepts of our design partners, including Ferdinand Porsche; Gianfranco Frattini; Elizabeth Kauffer; Marc Heinlein; Cristian Diez; Jerome Simon; Shelton, Mindel & Associates; Wooding Design; Tom McHugh; James Long and Mary Helen Pratte.

Our search for superior materials takes us to the quarries of Zaragoza, the marble finishers of Carrara, the glass makers of Murano, the brass mills of Dusseldorf and the looms of Kortrijk. Handheld buffing, polishing and finishing techniques complete the quality formula.

All of these design and fabrication skills may also be brought to bear on your own special problems and client requirements. We will go out of our way to try to accommodate your requests for modifications and adaptations of our luminaires. Please call us and our representatives for details.

In the final analysis, one's products must speak for themselves. So, upon your advice, this is exactly how we will present them in the pages of this new Nessen reference manual. Simply the facts; clean graphics, unadorned data. Our lamps are created by designers and our clients are, themselves, designers. Surely our catalog should reflect these priorities!

The von Nessen swing arm concept, as valid today as when introduced in 1927.

"Lola" wall sconce, NW429, James Long design 2006.

TRANSFORMERS

OBXFR - Outlet box type for Picstick (Option III)	\$45.00 net each
Emergency Battery Pack (Remote Mounted)	\$240 net each

TERMS and CONDITIONS

TERMS

50% Deposit, Balance Net 30 Days. A service charge of 1 1/2% per month will be applied to past due accounts.
Nessen accepts Visa, Mastercard, American Express & Discover payments.

F.O.B. (free on board)

Prices are for merchandise packed in cartons, F.O.B. our factory in Mamaroneck, N.Y. Therefore, transfer of ownership (which includes transportation charges and responsibility for damage in transit) to the buyer occurs at the time the shipping company collects the merchandise from our factory.

TRUCK SHIPMENTS

Truck shipments are freight collect unless otherwise specified. *Nessen reserves the right to select the carrier.*

THIRD PARTY BILLING

Third party billing for freight is available. Please provide billing information with order.

SPECIALS

Modifications of standard lamps, special finishes or custom fabrications are available upon request. There is NO minimum quantity. Special orders are irrevocable and cannot be canceled or returned. *A 50% deposit is required with your order.*

NEW ACCOUNTS

Credit references must be submitted to Nessen prior to the processing of your order.

SHIP DATE

All orders are acknowledged with an approximate shipping date based on production schedules. Shipment is not guaranteed on that date.
Nessen assumes no responsibility for delays.

TRANSPORTATION CHARGES

Transportation charges are based on carton size, dimensional weight and zipcode destination.

CLAIMS FOR DAMAGE IN TRANSIT

All merchandise is packed to comply with carrier requirements. It is the consignee's responsibility to examine the goods and file all claims for concealed or visible damage within 7 days of receipt of fixture. Contact the carrier for inspection and instructions.

RETURNS

Since Nessen is a "made to order only" facility, no merchandise can be returned without written authorization; authorized returns must be shipped prepaid. *Requests must be made within seven (7) days of receipt of fixtures.* If approved, credit will be issued after merchandise has been inspected by Nessen. Appropriate handling charges will apply.

CANCELLATIONS

Orders are not subject to cancellation either in whole or part, except by consent of Seller. *If approved, cancellations are subject to a minimum service charge of 30% if prior to production and 50% if after.* Special fixtures cannot be canceled or returned for credit.

ERRORS AND OMISSIONS

The data in this price list is for the convenience of the user and every effort is made to avoid error. But this company does not hold itself responsible for any errors or omissions.

The Nessen Lifetime Warranty

Nessen fixtures are manufactured to standards, which equal or exceed the highest in the industry. All mechanical components of every standard fixture in the Nessen catalog, barring misuse or abuse, are guaranteed to provide the original owner with a lifetime of service free from defects in workmanship and materials.

If you encounter any problems with the arms, elbows, base, tension knob, mounting stem, bracket, reflector, diffuser or louver of your fixture, please call our Customer Service Department at 914-698-7799. We will arrange to replace or repair it without charge. Ratings for electrical components (such as bulbs, sockets, and switches) are set by our highest-quality suppliers.

Lamp height

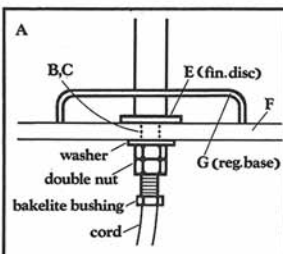

Extension of swing arm

Shade dimensions

Exit through side

Extended pipe

MODIFICATIONS AND SPECIAL CONTRACTS

Nessen will endeavor to fulfill all reasonable and implementable requests for modifications to standard lamps and for contract quantities.

For instance, we can modify the height of a lamp, make a swing-arm longer or shorter, relocate a switch, offer custom enamel paints, use fluorescent instead of incandescent technology, alter shade dimensions and fabrics and use special wiring.

Such accommodations are made for two reasons: to meet specific design requirements or to up- or down-scale features to meet quality and budget considerations on larger orders.

No minimum quantities are required for special orders. Pricing will be determined by the nature of the changes and the quantities involved.

FINISHES

Standard: As specified on catalog page

Optional:

- Polished Brass
- Polished Chrome
- Brushed Brass
- Satin Chrome
- Baked enamel paint — for accurate quotations, paint chips and/or Pantone numbers are required. Please specify gloss, matte or crinkle finish.

FIXTURE DIMENSIONS

Standard: As specified on catalog page

Optional:

- Lamp height — specify new dimension
- Extension of swing arm — specify new dimension
- Fixed height upright tube — specify desired height
- Telescopic upright tube on floor lamps (telescoping lamps cannot be painted)

SHADE FABRICS/DIMENSIONS

Standard: As specified on catalog page

Optional:

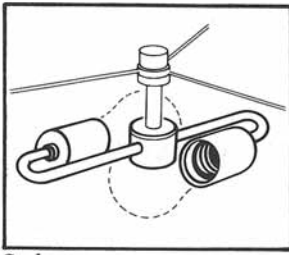

- Fire retardant white linen
- Nesclean vinyl material (washable)
- To change dimensions, refer to pages 3, 4 and 5 in the Pricing Guide for available options . . . also specify amount of "break" desired, if any.
- Glass diffuser shade support
- Harp style shade support

EXTENDED PIPE (EP)

Standard: As specified on catalog page

Optional:

- A- Most table lamps can be fitted with an extended pipe for through-surface installation . . . this variation conserves work surface space, provides greater stability, minimizes potential for theft and insures integrity of the original design.
- B- Standard extended pipe fittings take 1 1/8" diam. hole, cord exits through bottom (for tables not exceeding 1" thickness)
- C- For fixtures using 3-conductor or hospital grade cord, a 1 3/8" diam. hole is required.
- D- Specify cord exit through side if cord cannot exit from furniture (eg., end table with drawers)
- E- Specify diameter of larger cover plate if needed for existing grommet holes
- F- Specify if longer extension needed for tables thicker than 1"
- G- Specify choice of finishing disc or regular base

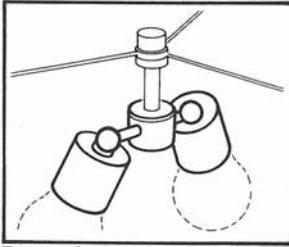

S-cluster

SWITCH LOCATION

Standard: As specified on catalog page

- Optional:**
- Move to cup
 - Move to socket
 - Move to tube
 - Move to base
 - Move to in-line
 - Eliminate for touch dimmer (where design permits)

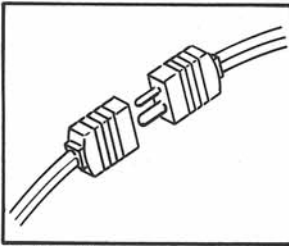

Drop cluster

SWITCH TYPES

Standard: As specified on catalog page

- Optional:**
- On/Off switch
 - Three-way switch
 - Dimmer in socket
 - Pull chain
 - In-line On/Off
 - In-line Dimmer
 - Touch dimmer

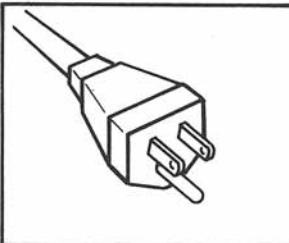

Quick-disconnect

SOCKETS

Standard: Bakelite, unless otherwise noted

- Optional:**
- Porcelain (to minimize hazards from over-lamping)
 - Pull chain
 - S-cluster
 - Drop cluster
 - Single socket
 - Halogen socket

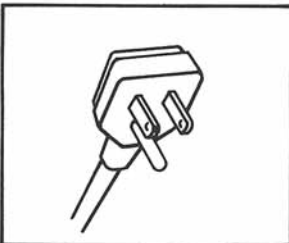

Standard grade 3-conductor

CORD COLOR

Standard: 6 feet of 2-conductor cord. Fixtures with plug-in ballasts come with "quick-disconnect" cords which separate in-line to allow threading through office system grommets and permit connections at table or desk-top level as well as at wall or floor mounted sockets.

- Standard Colors:**
- Polished Brass — gold cord
 - Polished Chrome — grey cord
 - Plug-in ballast — black cord

- Optional:**
- 2-conductor cord — brown, white
 - 3-conductor cord — white, black, grey
 - Hospital grade 3-conductor cord — grey only

L-shape 3-conductor plug

BULBS

Standard: As specified on catalog page

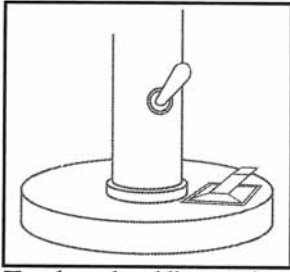

- Optional:**
- Fluorescent (non-dimmable)
 - Incandescent (easily dimmable, warm color)
 - Halogen (easily dimmable, truest color rendition)

PLUGS

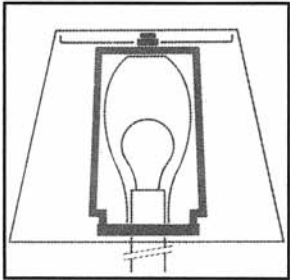

Standard: As specified on catalog page

- Optional:**
- 3-conductor plug
 - Hospital grade 3-conductor plug (green dot)
 - L-shape 3-conductor plug (as commonly used with refrigerators, permits restricted space connections without undue bending stress on the wire)

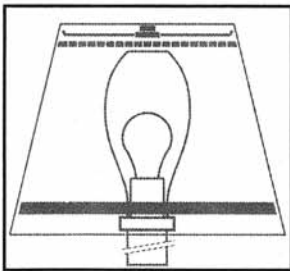

Nessen

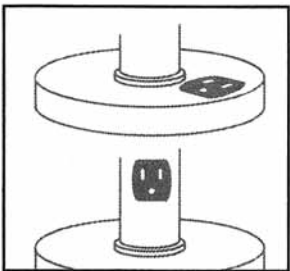

Toggle and paddle switches

Psychiatric cover

Perforated metal disc at top,
plastic disc at bottom

Convenience outlets

LIFECARE, HOSPITAL & INSTITUTIONAL FEATURES

In addition to the modification options noted on the previous pages, the following special features may be incorporated into Nessen lamps intended for senior living, retirement centers, hospital, institutional and other installations where safety and security require special considerations.

SWITCHES, DIMMERS

- Easy-to-operate toggle switches—appropriate for arthritis patients.
- Push button On/Off switches in brass, black, nickel (**Push**)
- Toggle switches in chrome, on column or base (**TOG SW**)

FINISHES

Chrome finishes—recommended where harsher cleaning agents are used (**PC, SC**) or Black Crinkle paint (**BLK CRK**)

SHADES & SHADE RELATED

- Harp-style frame. (**Harp**)
- Nesclean shade (washable vinyl available for any shade configuration) (**NESCLEAN**)
- Fire-retardant shades—white linen only. (**FRS**)

RESTRICTED ACCESS FEATURES (MINIMUM SECURITY)

- Locking finial using an allen set screw prevents shade removal and provides restricted access. (**Lock**)
- Perforated metal disc at top of shade. (**Perf**)
- Plastic disc at bottom of shade—diffuses light, discourages unwanted handling. $\frac{1}{4}$ " thick. (**Disc**)
- Psychiatric cover—polycarbonate bulb enclosure restricts access to bulb and socket area, is virtually indestructible and re-inforced with metal frame—appropriate for psychiatric, Alzheimer and substance abuse installations. Compact fluorescent bulb included. Quad-13. (**Psyc**)

SOCKET, OUTLET

- Porcelain socket—minimizes hazards of over-lamping
- Convenience outlet

Nessen Environmental Awareness Policy

Nessen has an obligation to our employees, to our clients and to the world community to be environmentally responsible.

Nessen is committed to the proper installation of natural resources, the proper disposal of waste products and recycling of our byproducts.

In brief, Nessen's environmental policy is to comply with all environmental laws and regulations. Specifically:

- All waste solvents and solids resulting from our production processes are channeled through established recovery companies.
- We use water based adhesives and wood stain finishes.

- Scrap polyurethane foam is recycled.
- Nessen's VOC usage is significantly below SCAQMD permitted levels.
- All woods used in Nessen designs are sustainable. Nessen does not use any wood species or sources from Rain Forests.

Nessen is committed to the creation of designs that make our clients personal space more comfortable. Our clients can also feel better about the environment in which we all live and share. Nessen's dedication to the environment is as important to us as the quality that goes into its products.
